

## What is script and grocery card orders?

### Grocery card

- Grocery card orders are placed approximately once a week from food city and Kroger's.
- They can be purchased in \$50 or \$100 amounts. Each order has \$1 handling fee. You will receive 5% back minus the \$1 handling fee. The money will be given to the team manager to be placed into the team account in your child's name. This money is used to defray the cost of uniforms, and fees. Money cannot be disbursed back to a family in the way of a check unless receipts for soccer expenses are given to your team manager to keep on file. (these are federal regulations because of the status of our tax id)
- It takes approximately one week to get orders back.
- Orders can be given to me at the field or mailed to my address. Please enclose an ordering form all that information is actually important so I can track managers down to reimburse you!
- My address is : Colleen Webb 1208 Boyington Dr. Knoxville, TN 37932
- This sounds confusing but has worked well in the past. \$100 a week in grocery card orders adds up to \$192.00 a year (that's with the \$1 deduction)!!!
- Orders are then available at the field to be picked up when they arrive.

### Script

- Is available once a month. I will take orders at the field or again they can be mailed to me.
- Allows you to buy gift cards from multiple vendors offering varying rate of % back depending on the vendor.
- Money goes back to your child's account in the same manner as grocery card orders.
- [www.glscrip.com](http://www.glscrip.com) is the website. An alphabetical listing of vendors and percent back is listed. This is a great way to earn money by using gift cards at stores you shop in anyway. There are gas cards, Lowes, home depot, Walmart, Panera, Starbucks... Don't forget this is a great gift idea for birthday presents and holidays.
- We do take one dollar in handling fees per order. We pay to have orders shipped quickly once the order is placed.
- As of now all orders are taken in writing by me. Please print the order form(all the Pages so I know I'm not missing part of your order) and fill it in completely. I am looking into changing this to allow people to order on line.....in the future. I'll keep you posted.

To sum it up

- Money can be made and you don't have to sell anything to others to generate funds for your child.
- A receipt explaining your purchase and % returned back will be given to you. Your manager will get a receipt with your child's name and amount to be credited to your child's account. Managers will receive a check from me for the amount of credit from the scripts account. KEEP YOUR RECEIPTS!
- Please try to e-mail me. This is the best way to get a hold of me initially.
